ABOUT US

Dream Yacht Charter is now the world's largest sailing company. We have experienced an uninterrupted growth and a consistent profitability since the creation of the company in 2001 in The Seychelles. In less than 20 years, we have grown our fleet of just 6 yachts into a market beating fleet of over 1000 yachts available in more than 50 dream destinations (including 40+ bases accessible to our owners). Plus, we are opening new bases each year to keep offering more choices to our customers.

A purchase from Dream is a safe, future-proofed investment. In October 2017, investment firm NextStage and the catamaran manufacturer Fontaine Pajot, the world's second largest boat builder following the acquisition of Dufour Yachts, invested in Dream Yacht Charter to support its longterm growth.

Our expansion is set to continue! Dream was built-up by marine professionals, and continues to be run by marine professionals. From the most senior to the most junior, Dream employees truly understand the yacht industry, and how to craft the very best holidays afloat.

THE YACHTS & DESTINATIONS

Dream have taken the conscious decision to source our fleet from a wide range of world-class manufacturers, and we pride ourselves on being able to offer 8 different brands and more than 50 monohull and catamaran models. Part of the joy of Dream ownership is having the opportunity to experience a wide variety of vessels, in an unmatched variety of locations.

Our philosophy has been to establish a large number of comparably small sailing bases throughout the world. This allows us to maintain very high standards, keeping a tight control on all yacht maintenance. Having purchased over 400 new yachts of all sizes and hull-types over the last 3 years, Dream Yachts now has the largest, most varied fleet in the world. There truly is something for everyone!

SUPPORT

A charter-yacht purchase from Dream is unlike any other. It's a five-year relationship, and we believe that the right support at each stage is crucial for a successful partnership. The Dream experience starts with one of our yacht-sales experts, who will listen carefully to your particular requirements and lifestyle, and guide you through the best individual choices available to you.

During your ownership programme with Dream, your day-to-day contact will be with our dedicated Owner-Care team, who are always available to assist with the booking of your holidays. The base-manager where your yacht is moored is also on hand. Your own yacht's maintenance log is available for inspection at any time.

Our Owner-Care team will contact you a year before your contract matures to discuss your end-of-contract options. No matter whether you decide to keep your yacht, trade in and continue with a new programme, or sell and move on to something new, the Dream Sales Owner-Care and Brokerage team will be there to provide five-star support and back-up all the way.
